JAPANESE NATION DISTURBED AS SENATE VOTES REFUSAL TO RECOGNIZE IMMIGRATION PACT

Newspapers Issue Frequent Extras on the Progress of Immigration Bill in U. S. Congress—Reported New Instructions Are Dispatched to Ambassador Hanihara. Which May Indicate a Change of Policy Upon the Part of Japan—Sure Passage of Exclusion Provision Is Seen in Washington

Tokio, Japan, April 15.—(By the A. P.)—Eyes of the Japanese nation are today anxiously turned toward Washington and immigration has become an all-absorbing topic. The people are following each detail of action in the United States Congress as chronicled in frequent newspaper extras. Official concern, already deep as a result of passage by the lower chamber of the Johnson immigration bill, was further intensified by news of the Senate's overwhelming refusal to indorse the "gentlemen's agreement."

A cabinet meeting was held to discuss the problem, after which, according to vernacular newspapers, "new important instructions" were dispatched to Japanese ambassador Hanihara at Washington.

JAPS LOOK ELSEWHERE

San Francisco, April 14.—Organized efforts of Japanese in California to seek colonization and other lands elsewhere on account of restrictive legislation here, are not being made at present, although individual Japanese are believed to be seeking work and opportunities elsewhere, it was said recently by U. Oyma, Japanese consul-general here.

Oyma said that he had no knowledge of reports reaching the department of the interior in Mexico City that more than 32,000 Japanese agriculturists are preparing to emigrate to Mexican states.

SETTLEMENT OF 23 HOUSES IS EFFECTED

Industrial Commission Ends Dispute Over Houses Which The State Built

The Industrial Commission now has settled with purchasers of 23 state-built houses and has yet to settle with 27 owners, John Gammons, secretary of the Industrial Commission, said today. Settlement in all cases but one were made on the basis of appraisers, he said, no settlements being made at less than amounts fixed. In one case, the George E. Wallace house, the valuation was limited by court procedure, he said. A loss from the book value of the houses was sustained in each case, the average loss being less than that sustained in settling the Wallace house by court procedure, Gammons said.

The book value of the houses was declared excessive by purchasers, while the Industrial Commission held the estimate figures, which the purchasers said had been given by the Home Building Association and which they said were binding, were too low. In the settlement thus far the average loss per house from the book value is \$2,800.00. Settlements have been reached with parties for whom houses were built in Fargo, Bismarck and Mandan.

VOLD HEARING IS PUT OFF

Attorneys for the prosecution and defense in the case of O. R. Vold, former cashier of the closed Farmers State Bank of Regan have agreed to meet Friday of this week and agreed on a date for a preliminary hearing. Vold is charged with having accepted deposits while the bank was insolvent.

PLUMBERS ELECT Jamestown, N. D., April 15.—The North Dakota Master Plumbers, at a one-day convention, elected the following officers: Charles Wiley, president; Minot, Arthur Hoppert, vice-president; Wapeton, T. F. The next convention place was left to the board of directors.

WOMEN URGED TO MAKE USE OF VOTE BY PRESIDENT, ADDRESSING D. A. R.

Washington, April 15.—An appeal to the women of America to exercise fully their newly gained right of suffrage in the November national elections was made by President Coolidge in an address last night before the thirty-third continental congress of the Daughters of the American Revolution.

The president combined with this appeal a warning against departure in this current troubled period from the American system of government providing for coordinate legislative, executive and judicial authority and for government by the majority. He made no direct reference, however, to the recent clashes between the executive and legislative departments nor did he mention specifically recent combinations of the Democratic minority with insurgent Republicans to over ride the Republican majority in congress.

Most Back Government

The American people, the president declared, may well be summoned to the preservation of the guardianship and the gradual perfection of this system of government which assures the people security against the tyranny of any despotic executive and

LIBEL ON N. D. IS ANSWERED BY J. M. DEVINE

Tells Illinois Speaker This State Can Recover Quicker Than Illinois

RECEIVES AN APOLOGY

Speaker Declares North Dakota Farms Could Not Be Sold For Debt on Them

What he terms a libel on the state of North Dakota has been "called" by Commissioner of Immigration J. M. Devine, and the result has been an apology from an Illinois college president who told a large audience that "if North Dakota were to sell out today they couldn't sell out for the total amount of their public debt, mortgage and bonds. It is not an economical problem for one of the greatest agricultural states in the country."

An Illinois man, who heard the address and was informed that 36,000 copies would be distributed among the farmers of that state, informed Commissioner Devine of the statements, and the speaker has assured Mr. Devine that the statement will be excepted from the address as printed and distributed.

The attention of the immigration department has been called to four such glaring mis-statements during the past five months, according to Mr. Devine. In two of these there was a prompt and satisfactory reply when the facts were told, but in others no reply was received.

"May I say," said Mr. Devine in writing to the speaker who said North Dakota could not be sold out live in those states. In either case it was conceivable to bring about such an impossible procedure as to attempt to sell all North Dakota lands at a given time, place and hour under the auction block, the result might and probably would be hurtful to the other people who live in this state. A like procedure for the state of Illinois or any other state would be equally hurtful to the people who live in those states. In either case I am inclined to the belief that the buyer of North Dakota land under the above stated condition, within a much shorter length of time, would secure a far greater profit when he cashed in upon our rich, low-level priced lands than would the buyer of the highly inflated level priced lands of Illinois.

North Dakota is a very young state compared with Illinois—just thirty-four years since statehood, yet I am risking the statement that it is wholly within the possibilities that within thirty years North Dakota may equal and even surpass Illinois in those agricultural productions, which have made that great state famous, namely, corn, hogs and beefsteak. Illinois is practically at the peak of its agricultural production. North Dakota is just in the early morning of its agricultural history and development and is just now swinging rapidly into those

COOLIDGE NOW HAS 494 VOTES IN CONVENTION

Western Headquarters Manager Says He'll Have a Majority by May 1

BIG BLOCKS COMING

New Jersey, Pennsylvania, Massachusetts and Ohio to Select Delegates

Chicago, April 15.—With approximately half of the delegates to the Republican national convention already selected and a large majority already instructed or pledged, managers of the pre-convention campaign in behalf of President Coolidge laid claim today to 494 instructed and favorable delegates out of 556 necessary to nominate.

Added to the present Coolidge strength, according to former Congressman James W. Good of Iowa, western managers of the Coolidge forces, supporters of the President to be elected during the present month will assure his nomination by a safe majority.

Approximately 200 additional delegates will be selected in four important western states during the remainder of April. New Jersey and Pennsylvania selecting 31 and 79, respectively, on April 22, and Massachusetts and Ohio adding 33 and 51, respectively, a week later. In all of these states Mr. Good said the Coolidge candidacy is expected to fare so well that before May 1, 40 days before the opening of the national convention, the Coolidge delegation will total well over 650 definitely instructed or avowedly favorable delegates.

PLAYGROUNDS PLANS TO BE WORKED OUT

Committees Meet and Discuss Preliminary Arrangements For Playgrounds

Committees representing the Association of Commerce and Women's Community Council, in meeting late yesterday, discussed plans for maintenance of playgrounds and their supervision during the spring and summer season. Plans for the development of the playground system on a comprehensive basis were discussed.

Present were from the Association of Commerce, B. F. Tiltonson, W. A. McDonald, J. A. Larson, R. C. Brandon and M. H. Atkinson, and from the community council, Mrs. F. J. Grady, Mrs. W. L. Nusselt, Mrs. F. J. Keller, Mrs. H. A. Brandes and Miss Agnes O. J. J. MacLeod and Miss O. C. Cassel participated in the discussion.

To facilitate the work of the committees an executive committee consisting of Mrs. H. F. Keller, chairman; B. F. Tiltonson, and Mrs. F. J. Grady. A committee of three consisting of Mrs. Nusselt, Mr. Tiltonson and Mr. McDonald also was appointed to meet with the school board and seek cooperation.

Under the general proposal, playgrounds would be maintained at the Wm. Moore, Richolt and Wacker schools, and the High School used as a place for training volunteer supervisors and leaders in playground activities.

BODY FOUND IN MISSOURI

Identified as That of Mrs. R. C. Robinson, This City

A body taken from the Missouri river at a point three miles south of Port Rice, yesterday afternoon was identified today as Mrs. R. C. Robinson, who took her own life by leaping from the Missouri river bridge between Mandan and Bismarck last June 17. Coroner J. J. Kennedy returned from Port Rice to Mandan with the body this morning and it will be interred in the Mandan cemetery.

The body, according to information here, was identified by teeth, initials on undergarments and clothing, and was said in fairly good condition. Apparently it has been in a sand bar and washed up by high waters. When the body was first seen on the bank of the river near Port Rice by men on the railroad tracks it was thought it might have been a Mr. Kistler, said to have disappeared April 1.

Mandan Pioneer Celebrates Its 10th Anniversary

The Mandan Daily Pioneer, celebrating its tenth anniversary as a daily newspaper, yesterday published a 24-page anniversary number, replete with stories of the history of Mandan and vicinity, interesting narratives of old-time residents and development of business institutions, and is well filled with advertisements of Mandan business firms.

The Daily Pioneer Publishing Company, of which E. A. Testevin is president, was launched in April, 1914, at a time when the United States was on the verge of war with Mexico.

Among the pictures in the anniversary edition is an Indian legend, which was the first city hall of Mandan. Major A. B. Welch, in an article, said that "Good Fur Blanket" was the first mayor of Mandan—in 1733. There also is contained in the paper a reproduction of a page from the Mandan Pioneer of March 22, 1882.

Award Contract

The city commission, in meeting last night, awarded the contract for constructing cement sidewalks in 1924 to W. J. Noggle. The commission ordered a cement sidewalk constructed on Griffin street, 150 feet north from Thayer.

Democratic Colleagues Gather Around as Virginia Senator Speaks

Washington, April 15.—(By the A. P.) The Democratic assault upon President Coolidge's letter of last Friday relating to the conduct of investigations was renewed in the Senate today, Senator Glass of Virginia declaring the President's letter to be "an amazing imputation" upon that body.

"Denying any purpose to attack the President or Secretary of the Treasury because of their attitude toward the investigation of the internal revenue bureau, the Virginia Senator said he arose to 'express in a temperate way the indignation every Senator of spirit must feel.'"

It became known as the Senator was speaking that he had decided upon the major points of his address after a conference of a group of influential men of his party, both in and out of Congress. His colleagues were nearly all in their seats with an air of expectancy which indicated they regarded the utterance as of unusual significance.

PAY RESPECTS TO COMRADE

Members of Harvey Minstrel Show Play at Train Here

Members of the Harvey Minstrel show composed of colored people, who played here last night, this morning paid respects to the memory of one of the members of the troupe who died in Billings, Montana, a few days ago.

The body came through Bismarck this morning on Northern Pacific Train No. 2, en route to the east. The negro band was at the station as well as other members of the troupe, and while the train was stopped they gathered at the baggage car in which the casket was being carried, playing "Nearer My God To Thee" and other hymns.

The special cars of the show troupe left here attached to No. 7 this afternoon.

MINE FIRE CONTINUES

Reported Efforts to Extinguish Blaze Abandoned

Hope of trying to save the Stewart coal mine, after three miles south of Beulah, has been abandoned, according to the Beulah Independent.

Government men, the report says, discovered that the fire had reached into "rooms" of the mine operated by Mr. Stohr, and was beyond control. If the fire is allowed to burn itself out, thousands of acres of good coal land are doomed to destruction.

It is possible that efforts to isolate the fire, by tunneling around them, will be made later.

AGENT ROUNDS OUT 40 YEARS

New Rockford, April 15.—On April 9th, N. P. Ticket Agent W. J. Payne of this town rounded out forty years of continuous service as ticket agent with the company in North Dakota.

On April 9th, 1884 Mr. Payne took charge of the company's office at Rockford, just west of Jamestown, and during the first twenty-five years of his life he handled successfully the stations at Eldridge, Mapleton, Buffalo, Oak, Cooperstown, Bismarck and on February 6th, 1909 took charge of the station here and has been here continuously ever since. As a record for continuous service in the N. P. Mr. Payne holds a position near the top of the list in any department.

Unanimous Vote of Central Government and Federated States Is Given

LONDON ALSO FOR IT

Prime Minister MacDonald Announces Britain Will Support Dawes Plan

Berlin, April 15.—The German cabinet today decided to accept the reparations experts report as a basis for negotiations and to inform the reparations commission to this effect.

This is in line with the action taken by conferees at yesterday's meeting between the central government and the premiers of the Federated States.

The government has instructed Dr. Fischer of the German war burdens commission in Paris to notify the reparations commission that Germany is prepared to resume negotiations on the basis of the experts' reports. It makes no suggestion, with respect to the manner in which the parleys are to be resumed, but it is assumed these will be initiated through oral discussion shortly after the Easter holidays.

MACDONALD'S STATEMENT

London, April 15.—The first official expert of the report of the experts on Germany's capacity to pay from Prime Minister MacDonald came in the House of Commons today when he announced that the government had learned with greatest satisfaction of the unanimous signing of the experts' findings.

"The experts' report constitutes in our opinion," the premier said, "an unbiased and carefully thought-out endeavor to aid the government concerned in their task of reaching a settlement of this vital and long-standing problem."

"The practical value of the applicability of the experts' conclusions and the methods they recommend," continued Mr. MacDonald, "have moreover, received prompt and unreserved recognition by the unanimous adoption by the reparations commission on April 11, subject to the willingness of the German government to cooperate in their execution."

"The British government feels that the report, supported by such authority, must command general assent and that there will be a universal desire to use the opportunity which such authoritative document gives, to end the existing unsettlement."

Wants Immediate Action

"One feature deserves special emphasis. It is explicitly stated in the report of the first committee that it is an indivisible whole and that the signatories in the terms renounce all responsibility if certain of their recommendations are adopted and others rejected."

"His Majesty's government," added the prime minister, "attach so much importance to the agreed recommendations which can be brought into immediate operation that they are prepared, for their part, to support the scheme in its entirety provided all the other parties concerned are willing to do the same course and on April 10 the government communicated that view to the governments concerned, including the United States."

After the prime minister had made his announcement on the experts' report, Stanley Baldwin, his conservative predecessor, declared the premier would have the united support of the British people in his attitude. This declaration was received with cheer.

GUARANTYBODY IN MEETING

Considers Applications For Reopening of Banks

The Guaranty Fund Commission, with B. McMillan of Hanna presiding, has begun sessions which may continue for a week, during which time the commission will consider several applications for bank re-openings in the state. Mr. McMillan said.

The first day's session was devoted largely to a consideration of the worth of land values, with C. R. Green and P. Halliderson of the Bank of North Dakota and L. R. Baird, general receiver of closed banks, in the conference.

Representatives of boards of directors of several banks have notified the commission they will be present at this session, postponed from last week.

GERMANS TO PARLEY ON DAWES PLAN

JAPANESE NATION DISTURBED AS SENATE VOTES REFUSAL TO RECOGNIZE IMMIGRATION PACT

Newspapers Issue Frequent Extras on the Progress of Immigration Bill in U. S. Congress—Reported New Instructions Are Dispatched to Ambassador Hanihara, Which May Indicate a Change of Policy Upon the Part of Japan—Sure Passage of Exclusion Provision Is Seen in Washington

Tokio, Japan, April 15.—(By the A. P.)—Eyes of the Japanese nation are today anxiously turned toward Washington and immigration has become an all-absorbing topic. The people are following each detail of action in the United States Congress as chronicled in frequent newspaper extras. Official concern, already deep as a result of passage by the lower chamber of the Johnson immigration bill, was further intensified by news of the Senate's overwhelming refusal to endorse the "gentlemen's agreement."

A cabinet meeting was held to discuss the problem, after which, according to vernacular newspapers, "new important instructions" were dispatched to Japanese ambassador Hanihara at Washington.

JAPS LOOK ELSEWHERE

San Francisco, April 14.—Organized efforts of Japanese in California to seek colonization and other lands elsewhere on account of restrictive legislation here, are not being made at present, although individual Japanese are believed to be seeking work and opportunities elsewhere, it was said recently by U. Oyama, Japanese consul general here.

Oyama said that he had no knowledge of reports reaching the department of the interior in Mexico City that more than 32,000 Japanese agriculturists are preparing to emigrate to Mexican states.

Washington, April 15.—The senate answered Ambassador Hanihara's protest against Japanese exclusion legislation late yesterday by voting, 76 to 2, against recognition of the "gentlemen's agreement" with Japan on the immigration question.

This action is preliminary to adoption by the senate by an overwhelming majority of the house exclusion provision. Whatever the result would have been without the incident of the ambassador's letter, that communication served to change the votes of a number of administration leaders, including Senator Lodge of Massachusetts, chairman of the foreign relations committee.

The Republican leader informed the senate in open session that he regarded the Hanihara letter as a "veiled threat" and declared that in the face of that threat he could not support the immigration committee's proposal to recognize by law the "gentlemen's agreement."

Sterling Upholds Hughes

A number of other senators took the same view and only one voice, that of Senator Sterling, Republican, South Dakota, was raised in defense of the ambassador's action. Senator Colt, chairman of the immigration committee, joined Senator Sterling in the vote, but did not speak.

Senators generally threw off the usual restraints in dealing with international questions. They were blunt and outspoken in their declarations that in view of the "grave consequences" warning in the ambassador's letter there was nothing for them to do but to make it clear once and for all that immigration is a domestic question in the handling of which no independent power could have its sovereignty questioned.

While the debate proceeded, Secretary Hughes, who transmitted Mr. Hanihara's letter to the house and senate immigration committees last week, twice conferred with President Coolidge. He declined to say what the nature of the conversations had been and no information was forthcoming from the White House.

Houses in Agreement

After the vote which eliminated the language framed by the committee to legalize the "gentlemen's agreement," Senator Reed, Republican, Pennsylvania, who is actively in charge of the immigration bill, gave notice that an exclusion amendment would be drafted overnight in the same language as that employed in the bill which the house passed last week by a majority of more than four to one. This insures that whatever difference may arise on other points in completing the immigration bill, the Japanese exclusion provision will go to the president.

No indication has yet come from the White House as to the course President Coolidge will follow. Yesterday's developments in the senate, however, seemed to indicate that there would be sufficient votes in both houses to repass the bill over a veto.

BOYS, GIRLS OF JIMTOWN VOTE

Jamestown, April 15.—On Saturday, May 3rd, there will be a city-wide election of all the officers of the city administration, including the mayor and aldermen for the four wards. This campaign is to be for the juvenile population of our city from the ages of 14 to 20 years inclusive for both boys and girls.

It is hoped that, because of this city campaign, in the future there will be a one hundred percent voting population in the city who will understand the voting regulations.

WOMEN URGED TO MAKE USE OF VOTE BY PRESIDENT, ADDRESSING D. A. R.

Washington, April 15.—An appeal to the women of America to exercise fully their newly gained right of suffrage in the November national elections was made by President Coolidge in an address last night before the thirty-third continental congress of the Daughters of the American Revolution.

The president combined with this appeal a warning against departure in this current troubled period from the American system of government providing for coordinate legislative, executive and judicial authority and for government by the majority. He made no direct reference, however, to the recent clashes between the executive and legislative departments nor did he mention specifically recent combinations of the Democratic minority with insurgent Republicans to override the Republican majority in congress.

Must Back Government

The American people, the president declared, may well be summoned to "the preservation of the guardianship and the gradual perfection of this system of government which assures the people 'equally against the tyranny of any despotic executive and the tyranny of any despotic legislature.'"

Pointing out that American women for the first time are able to long in advance of the national elections that they are to have the right of the ballot, Mr. Coolidge asserted that the country wants not only the votes, but the influence of its women in the coming elections.

Vote With Purpose

"Every voter ought not merely to vote, but to vote under the inspiration of a high purpose to serve the nation," he continued. "It has been calculated that in most elections only about half of those entitled to vote actually exercise their franchise. What is worse, a considerable part of those who neglect to vote do it because of a curious assumption of superiority to this elementary duty of the citizen. They presume to be rather too good, too exclusive to soil their hands with the work of politics. Such an attitude cannot too vigorously be condemned. Popular government is facing one of the difficult phases of the perpetual trial to which it always has been and always will be subjected. It needs the support of every element of patriotism, intelligence and capacity that can be summoned."

Western Headquarters Manager Says He'll Have a Majority by May 1

BIG BLOCKS COMING

New Jersey, Pennsylvania, Massachusetts and Ohio to Select Delegates

Chicago, April 15.—With approximately half of the delegates to the Republican national convention already selected and a large majority already instructed or pledged, managers of the pre-convention campaign in behalf of President Coolidge laid claim today to 494 instructed and favorable delegates out of 556 necessary to nominate.

Added to the present Coolidge strength, according to former Congressman James W. Good of Iowa, western managers of the Coolidge forces, supporters of the President, to be elected during the present month will assure his nomination by a safe majority.

Approximately 200 additional delegates will be selected in four important eastern states during the remainder of April, New Jersey and Pennsylvania selecting 31 and 79, respectively, on April 22, and Massachusetts and Ohio adding 39 and 61, respectively, a week later. In all of these states Mr. Good said the Coolidge candidacy is expected to fare so well that before May 1, 40 days before the opening of the national convention, the Coolidge delegation will total well over 650 definitely instructed or avowedly favorable delegates.

544 Delegates Chosen

To date 28 states and territories have selected 544 of the 1,109 delegates who will sit in the Cleveland convention beginning June 10. Of this number, according to Mr. Good, 374 are instructed, either by state conventions or presidential primaries, 16 support the President for the nomination, and 120 others are uninstructed but publicly on record as favorable to the Coolidge candidacy.

Thirty-four delegates are bound to the candidacy of Senator Robert M. La Follette of Wisconsin; 14 are pledged to Senator Hiram Johnson of California and two are in the free lance class, neither bound, instructed, pledged nor openly inclined to any particular candidacy.

PLAYGROUNDS PLANS TO BE WORKED OUT

Committees Meet and Discuss Preliminary Arrangements For Playgrounds

Committees representing the Association of Commerce and Women's Community Council, in meeting late yesterday, discussed plans for maintenance of playgrounds and their summer season. Plans for the development of the playground system as a comprehensive system were discussed.

Present were from the Association of Commerce, B. F. Tillotson, W. A. McDonald, J. A. Larson, R. C. Brandon and M. H. Atkinson, and the community council, Mrs. H. F. Keller, Mrs. W. L. Nussle, Mrs. E. J. Grady, Mrs. H. A. Brandes and Miss Agnes Orr. J. J. M. MacLeod and Miss Mary Cachel participated in the discussion.

To facilitate the work of the committees an executive committee consisting of Mrs. H. F. Keller, chairman, B. F. Tillotson, and Mrs. E. J. Grady. A committee of three consisting of Mrs. Nussle, Mr. Tillotson and Mr. McDonald also was appointed to meet with the school board and seek cooperation.

Under the general proposal, playgrounds would be maintained at the Wm. Moore, Richholt and Wachter schools, and the High School used as a place for training volunteer supervisors and leaders in playground activities.

MINE FIRE CONTINUES

Reported Efforts to Extinguish Blaze Abandoned

Hope of trying to save the Stewart coal mine, after three miles south of Beulah, has been abandoned, according to the Beulah Independent.

Government men, the report says, discovered that the fire had reached into "rooms" of the mine operated by Mr. Stuhler, and was beyond control. If the fire is allowed to burn itself out, thousands of acres of good coal land are doomed to destruction.

AGENT ROUNDS OUT 40 YEARS

New Rockford, April 15.—On April 9th, N. P. Ticket Agent W. J. Payne of this town rounded out forty years of continuous service as ticket agent with the company in North Dakota.

On April 9th, 1884 Mr. Payne took charge of the company's offices at Eldridge, just west of Jamestown, and during the first twenty-five years of service he handled successively the stations at Eldridge, Mapleton, Buffalo, Oak, Cooperstown, Bismarck and on February 6th, 1909 took charge of the station here, and has been here continuously ever since. As a record for continuous service in the N. P. Mr. Payne holds a position near the top of the list in any department.

PAY RESPECTS TO COMRADE

Members of Harvey Minstrel Show Play at Train Here

Members of the Harvey Minstrel show composed of colored people, who played here last night, this morning paid respects to the memory of one of the members of the troupe who died in Billings, Montana, a few days ago.

The body came through Bismarck this morning on Northern Pacific Train No. 2, en route to the east. The negro band was at the station, as well as other members of the troupe, and while the train was stopped they gathered at the baggage car in which the casket was being carried, playing "Nearer My God To Thee" and other hymns.

The special cars of the show troupe left here attached to No. 7 this afternoon.

For twenty-four hours ending at noon:

Temperature at 7 a. m. 35
Highest yesterday 35
Lowest yesterday 23
Lowest last night 32

Follow Wishes

Plans for extending this help to farmers who wish to diversify had been considered at the headquarters of the corporation for several weeks before Mr. Jaffray conferred with the president. His report of the wishes of the administration in the matter added impetus to the work, and the unanimous vote of the directors yesterday gave the official order for all possible speed in the matter.

Immediate response to the program is assured where the corporation's bank relief service has been most intensive, according to the directors. The bankers in these districts report that the farmers are in responsive mood to do their share in extending the dairy interests of the northwest.

PLAN ACTION

Minneapolis, April 15.—(By the A. P.)—County agricultural agents of the Northwest will be drafted to act as the local field representatives of the Agricultural Credit Corporation in distribution of \$1,000,000 as the opening wedge of the corporation's program of direct aid to farmers, for promotion of diversified farming which is to be supervised by M. O. Grangaard, vice-president, along the lines voted Monday by the directors.

Prime Minister MacDonald Announces Britain Will Support Dawes Plan

Berlin, April 15.—The German cabinet today decided to accept the reparations experts report as a basis for negotiations and to inform the reparations commission to this effect.

This is in line with the action taken by conferees at yesterday's meeting between the central government and the premiers of the Federated States.

The government has instructed Dr. Fischer of the German war burdens commission in Paris to notify the reparations commission that Germany is prepared to resume negotiations on the basis of the experts' reports. It makes no suggestions with respect to the manner in which the parleys are to be resumed, but it is assumed these will be initiated through oral discussion shortly after the Easter holidays.

MacDONALD'S STATEMENT

London, April 15.—The first official expert of the report of the experts on Germany's capacity to pay from Prime Minister MacDonald came in the House of Commons today when he announced that the government had learned with greatest satisfaction of the unanimous signing of the experts' findings.

"The experts' report constitutes in my opinion," the premier said, "an unbiased and carefully thought-out endeavor to aid the government concerned in their task of reaching a settlement of this vital and long-standing problem."

The practical value of the application of the experts' conclusions and the methods they recommended," continued Mr. MacDonald, "have moreover, received prompt and unreserved recognition by the unanimous adoption by the reparations commission on April 11, subject to the willingness of the German government to cooperate in their execution."

Wants Immediate Action

"One feature deserves special emphasis. It is explicitly stated in the report of the first committee that it is an indivisible whole and that the signatories in the terms renounce all responsibility if certain of their reservations are adopted and others rejected."

"His Majesty's government," added the prime minister, "attach so much importance to the agreed recommendations which can be brought into immediate operation that they are prepared, for their part, to support the scheme in its entirety provided all the other parties concerned are willing to take the same course and on April 10 they communicated that view to the governments concerned, including the United States."

After the prime minister had made his announcement of the experts' report, Stanley Baldwin, his conservative predecessor, declared the premier would have the united support of the British people in his attitude. This declaration was received with cheer.

GUARANTYBODY IN MEETING

Considers Applications For Reopening of Banks

The Guaranty Fund Commission, with C. B. McMillan of Hanna presiding, has begun sessions which may continue for a week, during which time the commission will consider several applications for bank reopenings in the state. Mr. McMillan said. The first day's session was devoted largely to a consideration of the worth of land values, with C. R. Green and P. Hallstrom of the Bank of North Dakota, and L. R. Baird, general receiver of closed banks, in the conference.

Representatives of boards of directors of several banks have notified the commission they will be present at this session, postponed from last week.

\$50,000 BONDS RECOVERED IN MINNEAPOLIS

International Ring of Bond Thieves Believed Broken By the Arrests

ONE WAS AT MINOT, N. D.

Minneapolis, April 15.—A confessed bank bandit, a superintendent of police from Alberta, Canada, and private detectives in Minneapolis went hunting for \$500,000 in bonds, part of \$800,000 loot, stolen in a series of spectacular Canadian bank robberies, smuggled across the boundary and buried in a secret cache.

Nearly \$50,000 of the stolen bonds already have been found in bond houses and banks here.

"Smiling Johnny" Reid, the bandit, has promised to lead police to the buried treasure to win a lighter prison term.

Walter S. Gordon, manager of the criminal department of the Minneapolis police, disclosed the treasure hunt on his arrival here yesterday from Havre, Mont.

Reid, whose real name is Lester R. Ayers, and who was born near Pipestone, Minn., joined forces with a lumberjack's assistant in St. Paul, according to detectives, in staging the robberies.

On April 5, at Edmonton, Alta., Reid pleaded guilty to a robbery at the Union bank of Canada, Foremost, Alta., where \$124,000 in bonds and \$11,000 in cash was stolen. Sentence was deferred three weeks, with the promise that he could win clemency by helping police find the stolen bonds.

Guided by A. E. Nicholson, assistant superintendent of Alberta provincial police, Reid, or Ayers, set out on the treasure hunt.

On a hillside near Havre, Mont., he dug up a gunnysack containing \$124,000 in bonds, the loot in the Foremost bank robbery, excepting the cash.

Next he went to Stanley Park, a public park in the city of Vancouver, B. C., where he dug up \$82,000 in bonds, in glass fruit jars, part of the loot taken from the Union Bank of Canada, at Ladner, B. C., when burglars obtained \$135,000 in bonds and \$9,000 in cash.

Other robberies charged to the same gang by police include:

Bank of Montreal, Ceylon, Sask., \$40,000 in bonds, \$4,000 in cash.

Banque D'Hochelega, Dollard, Sask., \$90,000 in bonds, \$14,000 in cash.

Union Bank of Canada, Melita, Man., \$30,000, three days after Dollard burglary.

First National bank, Fairfield, Mont., Nov. 6, 1923, \$500.

After the robberies, staged in 1922 and 1923, Reid crossed the international boundary and for a time was at Minot, N. D., Gordon said. "A large amount of negotiable bonds, later found to have been stolen in the Canadian robberies, were traced to twin cities bond houses and banks, some of them coming by way of Minot. Reid or Ayers, later spent some time in Minneapolis.

Reid has two more weeks' grace before he must go back to Canada.

PASSOVER TO BE OBSERVED IN BISMARCK

Special Services to Mark Observance of Jewish Citizens of the City

The feast of the Passover will be observed by people of the Jewish faith in Bismarck in concert with Jews over the entire world, from the time the sun goes down Friday evening and continuing through the ensuing eight days. During the period there will be special services. Besides the synagogue services, special ceremonies will be held in Jewish homes on Fridays and Saturdays of the Passover. These home ceremonies are known as "Faer."

During the period of the Passover the unleavened bread (Matzo) will be eaten as a memorial to the Jews' deliverance from bondage and thoughtful Jews will recall the past, while even the thoughtless may be made to consider what they owe to those who fought and suffered that they might enjoy the fruits of freedom.

While the feast of the Passover commemorates the exodus of the Jews from Egypt, under the leadership of Moses, approximately 34 centuries ago, the festival meal, is also of interest to the Christian. According to the New Testament, it was the festival meal of the Passover, known as the "Last Supper," which Jesus celebrated with his apostles.

The word Passover, as explained in the second book of Scripture, is the "Passing over" of the houses of the Israelites in Egypt by the last plague, when the first born was slain in every Egyptian home. This feast is now celebrated to celebrate at the same time the deliverance of the Jewish people from bondage.

A brief sermonette on thrift was thrown in with the gift.

TWO KILLED, 20 HURT IN SNOWSLIDE

Two were killed, nearly a score were injured and 30 others saved their lives by leaping into an icy river in the greatest snowslide in the history of Provo Canyon, near Provo, Utah. The slide blocked all railroad traffic and filled the gorge from wall to wall. Picture on top shows rescuers digging for bodies. Bottom picture shows the canyon, down which a great bank of snow slid.

The scout master hiked to Jackson cabin and passed many tests. The following birds were reported: Fox patrol—Sparrow Hawk, Eagle, patrol—Rusty Blackbird, Brown Thrasher and Dickcissel, Whooping Crane. Wolf patrol—Ferruginous Hawk, Legged Hawk, Killdeer and Northern Flicker.

E. L. PATTERSON HAD WARNING OF CONDITION

Santa Barbara Papers Say That He Complained of "Tightness Across Chest"

WAS ACTIVE IN CITY

Clippings from the Santa Barbara, California papers, which have just reached the city, state that E. L. Patterson, well known business man of North Dakota and Minnesota, who died on the Montecito golf links on the afternoon of April 3 at four o'clock in that city, had had physical warning of heart trouble for several days preceding his death and had either disregarded them or misunderstood the warnings.

In the testimony given at the coroner's inquest, which was held at 8:30 on the morning following his death, it was disclosed that Mr. Patterson had complained to his wife of a "tightness across the chest." He seems to have referred to this same condition to his companions on the golf course during the afternoon, speaking of it as a "tightness" of the muscles.

Mr. Patterson had been very active in civic affairs in Santa Barbara after taking a residence and establishing a home on Grand Avenue. Just preceding his death he had had active charge of 400 workers in a drive for a chest to defray the charity work in that city and was enjoying perfect health.

He was entertaining two friends, T. W. Griggs and George Prince of St. Paul in company with Paul Harvey of Montecito at a foursome at the time of his death and in the account given in the Santa Barbara Daily News, it is related, that Mr. Patterson had been unable to play well until after the fifth hole. At the tenth hole he made an excellent drive and as he turned to acknowledge the compliments of his friends on the excellent drive he pitched on his face. Death was announced to have been instantaneous and caused by angina pectoris from the description of symptoms as given by Mr. Patterson's wife and friends, although it might have been due to a ruptured heart muscle or a cerebral

hemorrhage, according to the attending physician.

Funeral services were held at 2 o'clock on Saturday afternoon, April 5, at the family home, and in keeping with a request of Mr. Patterson, his body was cremated and his ashes scattered to the four winds at Pasadena on Monday April 7.

His many friends here were shocked at the news of his sudden death in as much as Mr. Patterson had planned to come to Bismarck the latter part of this month. Mr. and Mrs. George Duemeland of this city are now visiting with the relatives of Mr. Patterson who was a close friend of the family.

MANY ATTEND FUNERAL RITES

Funeral services held in St. Mary's church this morning for Mrs. Katherine McCauley, wife of George McCauley, pioneers of Missouri town-

ship, were attended by a large number of relatives and friends. Many beautiful floral offerings were received. Interment was in St. Mary's cemetery. Father Slag officiated at the services.

Katherine Tonkin McCauley was born in Mineral Point, Wisconsin, March 26, 1866, and graduated from the convent there. She was one of a family of nine, of Thomas and Katherine Tonkin, who emigrated to this country from England and located at Mineral Point, where they spent the rest of their lives. Mrs. Sarah Pennerby and Benjamin Tonkin, brother and sister, still reside there. Four members of the family died last year from heart ailments, similar to that causing Mrs. McCauley's death.

George McCauley and Katherine Tonkin were united in marriage at Madison, Wisconsin, and moved to Stewartsdale where Mr. McCauley has lived 41 years. Only one child was born, Mrs. James Cox, who lives south of Bismarck.

Funeral services today were Patrick Kelley, William Gagner, Amos Rohidou, Frank McCormick, Westley Baker and William Welch.

LESS DEMAND FOR GRAINS IN EUROPE SHOWN

10 Per Cent Less of Exports From U. S. and Canada Than Last Year, U. S. Says

SHIPMENTS OF WHEAT

Washington, April 15.—Russia is practically out of the wheat and rye market for the present, grain shipments from that country having recently dropped off sharply. Exports of Russian wheat of the last harvest up to April 3 amounted to 19,500,000 bushels and rye to 31,000,000 bushels, according to cables received here. The Department of Commerce, the grain movement throughout interior Russia, however, continues heavy. For the 33 weeks ending March 15, world exports of wheat and wheat flour from the chief surplus countries amounted to 474,000,000 bushels as against 431,000,000 bushels for the same period last year, says the Department in its monthly world survey of the foodstuffs trade. Nearly 65 per cent of the total exports from these surplus countries originated in the United States and Canada, compared with 73 per cent during this period last year. While European takings during this period have dropped off approximately 10,000,000 bushels, compared with the same period last year, exports to other countries amount to 108,000,000 bushels, an increase of 52,000,000 bushels.

Small bread grain acreages are officially reported in Bulgaria, the United Kingdom, and Italy, with increases in Belgium, Poland, and Czechoslovakia; a decrease in German acreage is probable. The weather throughout Europe generally is unfavorable, regarding growth and seeding of crops. Serious floods are reported in Spain, Italy and Poland, and reports of damage to winter crops in southern Italy, Germany, and the Volga valley have been confirmed.

During the period November 1, 1923, to March 15, 1924, world exports of corn amounted to 21,000,000 bushels, or 30,000,000 bushels less than were exported during the same period a year ago, according to the Commerce Department. Fully 96 per cent of the corn exported by the United States, Argentina, and the Danube is destined to European countries. Corn stocks in Belgium are low, but are expected to be replaced by May arrivals from the Argentina and the Danube, the high corn market in this country restricting active participation in the market by American exporters.

Standstill in Roumania's export trade during February, owing to rising Roumanian exchange and the freezing of the Danube, with the resulting accumulation of stock of grain, has been broken with the opening of the river. Export grain is again active but the movement is largely for filling old orders. The Roumanian export duty on flour has been reduced to the same as wheat.

The flour situation in Hungary and Poland is also receiving careful official attention, the former government considering the abandonment of flour control. In Poland the domestic product is rapidly replacing Ukrainian flour as a result of the new import duty against that country. Foodstuffs prices in Poland have fallen from 10 to 20 per cent, although the price of domestic wheat flour has remained steady. The grain market is quiet again. In France, the improvement of the franc, while facilitating wheat imports, is checking flour exports.

The Dutch cereal market is dull with internal demand quiet, price premiums shifting from spot to future deliveries. Better prospects for American rye are seen in this market as a result of decreased offerings of Russian rye in February and early March, but impending arrivals of Argentine wheat are not particularly favorable for the American product. Greece is out of the wheat and flour market, heavy stocks being on hand with millers seeking tariff protection.

Brazil has reduced its tariff on wheat and wheat flour 40 per cent, and the government is authorized to acquire foodstuffs abroad in an effort to relieve the high cost of living. The first shipment of Canadian wheat to that country is reported to have arrived last month. Wheat crop prospects in Australia are very good and prices in March for spot export grain were strong. In Argentina, however, which has just completed a very large wheat harvest, wheat has been experiencing a period of depression, low March quotations on both wheat and oats may affect the size of the next year's crops. The second forecast by the Indian government estimates the wheat acreage of all India at 30,640,000 acres.

WHEAT SINKS EARLY TODAY

Buying Support Is Lacking in Early Dealings

Chicago, April 15. Downturn in value were general in all pits today during the early transactions. Buying support was lacking. Besides, seasonable weather in the domestic wheat growing region together with lower quotations at Liverpool tended further to bring about declines in wheat. The opening here, which ranged from a shade to five-eighths cents lower, with May \$1.01½ and July \$1.03½ to ½ was followed by slight additional setbacks and then something of a rally.

Subsequently although no decided selling pressure developed favorable crop reports from the Southwest, hindered rallies and so, too, did meagerness of cash demand here for corn. Wheat, heat closed unsettled at the same as yesterday's finish to one-half cent lower, May \$1.01½ and July \$1.03½.

(Continued from page 1) farm productions that are sure, safe and sane.

Statement of Debt.—Enclosed herewith is a statement of outstanding bonds covering our 33 counties; also outstanding state bonds as estimated by the board of equalization as of June 30, 1923. We also enclose statement of assessed valuation as made by the same board and an additional statement covering outstanding mortgages on our farm lands inclusive of a statement of land values, farm buildings, machinery and stock.

Bonded indebtedness, counties \$ 6,920,839
Sinking funds on hand 1,413,906
Net bonded indebtedness 5,506,933
State bonded indebtedness

ness, Jan. 1, 1924 17,692,000
Total bonded indebtedness 23,198,933
Assessed valuation farm lands, July 1923 1,337,263,156
Value farm buildings 290,207,883
Implement, machinery 114,186,865
Livestock on farms 158,634,635
Total all farm property \$1,837,292,524
Total mortgage indebtedness, farm lands, buildings 285,441,610
The total mortgage indebtedness, Mr. Devine says, is about 20 percent of the total land valuation.

Mr. Devine further asserts a recent report of the Education Finance Inquiry shows the outstanding bond-

ed indebtedness of North Dakota is lower per capita than many other states, it being \$34.69 for North Dakota for the state and all sub-divisions; \$49.96 in South Dakota; \$43.77 in Minnesota; \$43.98 in Montana; \$43.36 in Iowa and \$41.67 in Michigan.

Jefferson Home Memorial Funds Received Here

Patriotic Week has just closed and the results are still to be determined. The splendid addresses, before various organizations of the city, by Judge Johnson, stimulated patriotism and brought to our attention the necessity of preserving the homes of those early patriots, as shrines, for the ages to come.

Dickinson Normal School was the first school to send in a contribution and the State Normal at Mayville was second. A number of contributions will likely be received by Mrs. F. R. Smyth, treasurer of this fund during the next week.

Entertained At Delightful Dinner

Miss Henrietta Beach delightfully entertained the members of the Business and Professional Women who especially assisted her in putting on the very successful Mardi Gras Carnival, at a 6:30 dinner party in the private dining room at the Grand Pacific hotel, Saturday evening. A potted hyacinth was used as a centerpiece and the place cards were Mrs. L. B. Sowles, Mrs. E. M. Stanton, Mrs. G. B. Harris, Miss Hazel Neilson, Misses Mary and Rose Huber, Bertha Burton, Gertrude Eichorst and Dora LaRock.

An expression of the appreciation of Miss Beach's efforts and labor as chairman of the committee from the Business and Professional Women's club, the guests at the dinner party presented her with a beautiful corsage bouquet at the dinner table. Following the dinner the guests were taken to the club rooms, where a pleasant evening was spent at cards and social entertainment.

HOLD COMMUNITY MEETING
A splendid community meeting was held at the Webster School last evening which was very well attended. Miss Dora Wallen, principal of the school presided and special music was furnished by a group of the school children who sang a number of two part songs. J. M. MacLeod in a short talk briefly outlined the proposed recreational work on the playgrounds for the summer months. Miss Hazel Neilson led the chorus singing which was enjoyed by the audience. Judge Sveinbjorn Johnson then gave a splendid talk on Thomas Jefferson, which he adapted so might be enjoyed by the large number of children present.

VISIT HERE
Edward Hutchins and H. C. Hutchins of Aberdeen, South Dakota, stopped over here to see Mrs. Henry Edmark, a sister, 204 Third street, whom they had not seen since she was 10 years old. Their visit was a pleasant surprise.

LECTURES AT VALLEY CITY
Rev. O. S. Jacobson, pastor at large of the Baptist church, gave a stereopticon lecture at Valley City last evening on the "New World Work." Rev. Jacobson will return to his home this afternoon.

LETTER FROM WALTER BURKE TO RUTH ELLINGTON

I am sailing home to you, Ruth, dear, and now that I have turned my face toward you, it just seems to me that I cannot wait.

You know you promised me, Ruth, that you would get a divorce from that man and I received word the other day through Mortimer Jenkins that you had done nothing of the kind. Have you gotten over loving me, Ruth?

There, I've said it. For, although you never told me so, I am sure that you did love me and I cannot go sailing on around the world and know that you have put yourself out of my life without a word.

Why, Ruth, I am mad, I am crazy about you. I can think of nothing but you. When I look out over the water I see you coming down the path of silver, which the moon has made, and when that vision passes, the whole world is dull and flat.

The only way that I can be contented again is by closing my eyes and picturing your hair, your eyes, your precious smiling mouth; oh, I tell you, I know every tiny look of them.

If I were an artist I would not have the slightest trouble of painting your portrait from memory.

I know the feel of your delicate hands and I can see the tangle in which your nails used to press down into your palms when that scoundrel of a husband of yours made you more than unusually unhappy.

My dear, we were week end visitors in the city, and transacted business while visiting here.

FROM LINTON
W. K. LaPaugh, A. M. Britts and C. Woods of Linton arrived yesterday afternoon to spend a few days in the city on business.

TRANSACTS BUSINESS HERE

AT THE MOVIES

THE ELTINGE
"Black Omen" from the story by Gertrude Atherton was shown at the Eltinge theatre yesterday and will be seen again today and Wednesday.

The picture is elaborate, replete with surprising incidents, and enhanced by the visualization of characters so perfectly described in the novel, but demanding real life to obtain proper appreciation.

Corinne Griffith and Conway Tearle share the featured parts in "Black Omen." Miss Griffith playing the dual personalities of Mary Ogden, later Madame Zlatanny, and Mr. Tearle being cast as Lee Claverling, a cynical New York newspaper man who falls in love with the Countess.

Used Kellogg's Bran 2 months—constipation gone after suffering 3 years

Three years of suffering with constipation. What happiness was his when Kellogg's Bran, cooked and krumbed, restored his health. But read his letter:

"Dear Sir:—this is what I think of your krumbed bran. I would not be without it for anything in the world. For three years I used all kinds of medicines for constipation, and only got temporary relief. I was advised by a doctor to use Kellogg's Bran, and since I began using it, I don't have to take pills or anything else. I have used it two months, and my constipation has left me. I feel better, now than I have for three years."

(The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.)

Kellogg's Bran brings results because it is ALL bran. You can't fight constipation with halfway mea-

And I can remember how I wanted to take those little hands in mine and tell you how much I loved you. And your step: "Were there ever so airy a tread, my heart would hear it and beat; were it dust in an earthly bed, my dust would hear it and beat, had I lain for a century dead."

That is not Tennyson, dear, it is just myself because I love you so. I thought I loved you when I left you, when I tried to play the game. You will never know how hard it was for me to leave you.

You are the first woman, dear, I ever wanted to be my wife, and I want you so that I would cross Europe on my hands and knees and beg and pray you to let me stay where I could see your careering smile.

I think it has not been well for me to have gone upon this voyage alone. I have had too much time to think of you. You have come to mean too much to me. That is the truth.

Ruth, darling, be good to me. Cut yourself off from that man who not only insulted you but injured you by almost breaking your tender heart.

If you only know how hard it is for me to feel that you once loved him you would know how hard it is for me to open my heart to you in this way. But I can't help it, dear.

You are the one woman in all the world for me and without you I shall go seeking, seeking the unattainable and be forever damned, by the unrest of unfulfilled desire.

AT THE CAPITOL
The story of "The Shepherd King," the William Fox version of the celebrated stage success by Wright Loring and Arnold Reeves, which comes to the Capitol Theatre tomorrow, is one of impressive simplicity endowed with a glamorous romance.

In adapting the stage presentation to the screen, Virginia Tracy, who also translated "Nero," another Fox special, lost none of the potency of the original. J. Gordon Edwards who directed the picture added to the story by filming it in the very land in which it is laid.

TRIBUTE PAID BY PASTOR TO MRS. E. L. HURR

At the funeral services held last Wednesday at the M. E. church at Sterling by Rev. C. E. Strutz for Mrs. Ernest L. Hurr, the following eulogy was read:

Angeline Rhoda Phillips Hurr, wife of Ernest L. Hurr, was born near Janesville, Wisconsin, June 21, 1881 and died at the Bismarck hospital, Sunday, April 6, 1924. When she died she was but 42 months old. She lost her mother by death and was taken by an older sister and given a home until she was seven years old. After that she lived with an uncle at Rathven, Iowa until she was married to Ernest Hurr on the 31st day of December, 1902.

This happy union was blessed with five children, one of whom died in infancy. Those living are Ralph, 20; Elmore, 15; Ida, 10; and Elmore, 2. Soon after their marriage, Mr. and Mrs. Hurr came to North Dakota and located on a farm near Sterling where they have since resided.

The deceased was converted at the age of 17 and united with the Methodist Episcopal church. She joined the Sterling M. E. church by proxy and was an active and honored member of the same until death. She

was a woman of noble character and disposition and will be greatly missed by all who enjoyed her friendship and hospitality. Her death was a great shock to the entire community, as it was

Used Kellogg's Bran 2 months—constipation gone after suffering 3 years

Three years of suffering with constipation. What happiness was his when Kellogg's Bran, cooked and crumbled, restored his health. But read his letter.

"Dear Sirs: This is what I think of your bran. I would not be without it for anything in the world. For three years I used all kinds of medicines for constipation, and only got temporary relief. I was advised by a doctor to use Kellogg's Bran, and since I began using it, I don't have to take pills or anything else. I have used it two months, and my constipation has left me. I feel better, now than I have for three years. (The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.)"

Kellogg's Bran brings results because it is ALL bran. You can't fight constipation with halfway mea-

And I can remember how I wanted to take those little hands in mine and tell you how much I loved you. And your step: "Were there ever so airy a tread, my heart would hear it and beat; were it dust in an earthly bed, my dust would hear it and beat, had I lain for a century dead."

That is not Tennyson, dear, it is just myself because I love you so. I thought I loved you when I left you, when I tried to play the game. You will never know how hard it was for me to leave you.

You are the first woman, dear, I ever wanted to be my wife, and I want you so that I would cross Europe on my hands and knees and beg and pray you to let me stay where I could see your caressing smile.

I think it has not been well for me to have gone upon this voyage alone. I have had too much time to think of you. You have come to mean too much to me. That is the truth. Ruth, darling, be good to me. Cut yourself off from that man who not only insulted you but injured you by almost breaking your tender heart. If you only knew how hard it is for me to feel that you once loved him you would know how hard it is for me to open my heart to you in this way. But I can't help it, dear.

You are the one woman in all the world for me and without you I shall go seeking, seeking the unattainable and be forever damned, by the unrest of unfulfilled desire.

AT THE CAPITOL

The story of "The Shepherd King," the William Fox version of the celebrated stage success by Wright Limerick and Arnold Reeves, which comes to the Capitol Theatre tomorrow, is one of impressive simplicity endowed with a glamorous romance.

In adapting the stage presentation to the screen, Virginia Tracy, who also translated "Nero," another Fox special, lost none of the potency of the original. J. Gordon Edwards who directed the picture added to the story by filming it in the very land in which it is laid.

TRIBUTE PAID BY PASTOR TO MRS. E. L. HURR

At the funeral services held last Wednesday at the M. E. church at Sterling by Rev. C. F. Straetz for Mrs. Ernest L. Hurr, the following obituary was read:

"Adelaide Rhode Phillips Hurr, wife of Ernest L. Hurr, was born near Janesville, Wisconsin, June 21, 1882 and died at the Bismarck hospital, Sunday, April 14, 1924. Alleen the deceased was but 17 months old she lost her mother by death and was taken by an older sister and given a home until she was seven years old. After that she lived with an uncle at Ruthven, Iowa until she was married to Ernest Hurr on the 31st day of December, 1902.

This happy union was blessed with five children, one of whom died in infancy. Those living are Ralph, 29; Elmon, 15; Ida, 10; and Elmona, 2. Soon after their marriage, Mr. and Mrs. Hurr came to North Dakota and located on a farm near Sterling where they have since resided.

The deceased was converted at the age of 17 and united with the Methodist Episcopal church. She joined the Sterling M. E. church by letter and was an active and honored member of the same until death. She

leaves to mourn, besides her husband and children, two brothers, J. E. Phillips of Bristol, Indiana and James Phillips of Stockton, Cal.; three sisters, Mrs. Elmina Blodgett, Deer Lodge, Montana; Mrs. Viola Holsing, Palmyra, Wisconsin, and Mrs. Birdell Oler, Rockford, Ill.

Mrs. Hurr was a woman of noble character and kind disposition and will be greatly missed by all who enjoyed her friendship and helpfulness. Her death was a great shock to the entire community, as it came so unexpectedly, she having enjoyed fairly good health until recently, when she suffered an accidental injury to her hand. This resulted in complications which caused her death.

A large attendance at the funeral services held for her was a splendid tribute to the respect felt for the deceased.

BASEBALL GETS UNDER WAY FOR 1924 SEASON

Babe Ruth's Activities Replace Politics and Teapot Dome For The Day

ALL ARE CONFIDENT

Yankees Picked To Win Americans by Johnson; Giants To Have Tough Time

Chicago, April 15.—(By the A. P.)—Baseball drove politics and Teapot Dome into the background temporarily at least when

"What did Babe Ruth do today?" became the most important question of the nation.

Thousands of Americans sat in wind-swept baseball parks to watch their favorites in action or watch bulletin boards for the first results of battles for the pennant campaign. This is the schedule for the opening conflicts:

American League—St. Louis at Chicago; Cleveland at Detroit; Philadelphia at Washington; New York at Boston.

National League—Chicago at St. Louis; Pittsburgh at Cincinnati; Boston at Philadelphia; Brooklyn at New York.

The 1924 race, baseball leaders say, promises to be another record season from the standpoint of attendance and close finishes in both organizations. Ben Johnson, president of the American League, forecasts a close race, with the world's champion Yankees as the logical choice to capture the flag.

Reports from the major league cities early today revealed plans for the usual opening day ceremonies, hand concerts, flag raising and speeches. President Coolidge is expected to inaugurate the season at Washington. Kenesaw Landis, baseball commissioner, will view the Cardinals in action against the Cubs at St. Louis while President Johnson will attend the opener between the Yankees and Red Sox.

YANKEES ARE ONE BEST BET IN AMERICAN

Miller Huggins, New York Yankees manager, says he is confident of his team's ability to win the pennant. "My club is certain to get good pitching daily."

Ty Cobb, Detroit Tigers—Pitching is my chief worry in the coming race. If my staff comes through as it should the Tigers will be better than last year. The Yankees will make trouble.

Tris Speaker, Cleveland Indians—I am not predicting any pennants, but of one thing I am certain, I have a stronger team this year than last. Burns will give my club an added punch.

Stanley Harris, Washington—I have my mind set on landing my club in the first division. A club able to stick around the first division all year has a chance to finish at the top.

Frank Chance, Chicago White Sox—I am positive the White Sox will make a better showing than last season. I can see no reason why my club should fail to finish well up in the first division.

George Sisler, St. Louis Browns—This managing job is all new to me and I prefer to let the showing of my club speak for itself. I hope to be able to play and help the Browns make a good showing.

Connie Mack, Philadelphia Athletics—I am shooting at second place. New York should again win. If my minor league stars come through for me my ball club will be in the running from start to finish.

Lee Fohl, Boston Red Sox—I have only one prediction to make: The Red Sox will not finish in last place. I am inclined to think my club is going to be the dark horse of the American League race this year.

A bad back makes you gloomy. Can't be happy with continual backache.

The aches and pains of a bad back. Are frequently due to weak kidneys.

Doan's Pills are recommended for weak kidneys.

So Bismarck citizens testify. Ask your neighbor.

John Wray, 1015 9th St., N., Bismarck, says: "My kidneys were sluggish in action and I had a dull, steady pain in my back. I had to get up several times during the night to pass the kidney secretions. Doan's Pills were recommended to me and I got three boxes at Breslow's Drug Store and after using them the trouble disappeared. I recommend Doan's Pills for such trouble knowing them to be a remedy of merit."

SIX MAJOR LEAGUE CLUBS WILL START SEASON UNDER NEW MANAGERIAL DIRECTIONS

Six major league ball clubs will be in charge of new managers during the coming season. There will be four changes in the American and two in the National.

Three of the new managers, George Sisler, Dave Baneroff, and Stanley Harris, will be making their big league debut in that role. It is an interesting fact that all three are infielders.

Frank Chance, who has piloted teams in both major leagues, simply shifts his berth, going from Boston to Chicago in the American League.

Lee Fohl, who began his big league managerial career at Cleveland, then went to St. Louis, is to head the Boston Red Sox this year.

Jack Hendricks, new manager of the Cincinnati Reds, is a minor league leader of wide experience and at one time managed the St. Louis Cardinals.

Hendricks is a creature of fate. Signed to assist Pat Moran in handling the Cincinnati club, the death of a popular manager put him in line for the position.

It will be decidedly interesting to see what affect, if any, managing a club has on the three new leaders, who are player-managers.

Sisler at first, Baneroff at short and Harris at second are among the leaders at their respective positions, outstanding stars. Will the worries of managing a club slow down their play.

be the outstanding class of the league. Three other clubs, Chicago, St. Louis and Brooklyn, are just a shade away, with the possibility of Chicago, proving a dope upsetter.

Philadelphia and Boston seem certain to trail the field. New York has a good chance to again win a pennant, making it four in a row.

SEVEN STRONG CONTENDERS SEEK TO DETHRONE Even If Veterans Slip Considerable. New York Will Be Hard Aggregation to Beat CHAMPION YANKEES IN AMERICAN LEAGUE RACE

BY BILLY EVANS

NEW YORK—The Yankees are going to be hard to beat in the American League. Huggins has a great pitching staff. Perhaps some of the veterans are slipping a bit, but it is still the best corps of hurlers in the majors.

Pitching wins pennants. Rival American League clubs look over good pitching in every game they oppose the Yankees. Club appears no stronger than last year.

DETROIT—Ty Cobb has a dangerous club because it can hit. The Tiger problem is second base and pitching. If Detroit gets consistently good pitching, the club is so strong in other departments of play that it is sure to be a contender all the way.

Without it Tygers will suffer. Little change in team strength over last year. If Shortstop Riney's injury keeps him out of the lineup, it will be another serious handicap.

CLEVELAND—The Indians have strengthened first base at the expense of second and catching. Some of the promising young pitchers may miss the handling of the experienced O'Neill back of the plate. Wamby is a mighty good ball player. He passed to Boston with O'Neill for Burns.

ST. LOUIS—The condition of Manager George Sisler is the big IF with the Browns. Sisler back in the game, playing the remarkable ball he is capable of when right, makes all the difference in the world to the Browns. Sisler at his best gives a ball club a real punch. Sisler out of it hurts the team's morale. The Browns for that reason are the IF club of the American League.

the offense. The loss of O'Neill and Wamby may weaken defense.

WASHINGTON—Much the same ball club as last year with an aggressive, brainy manager, making his major league debut. Under Harris the Washington club is certain to go the limit to win in every game.

This is the temperament of Harris, that is certain to be taken up by the team. Third base and pitching are the two problems that must be solved. Same club with different spirit.

CHICAGO—A club that seemed to fail to make the most of its possibilities last season. A new leader in the person of Frank Chance may cause a shakeup in the club that will enable the Sox to make trouble.

There seemed to be something lacking last season that kept the apparent strength of the club in the background. White Sox should show improvement and be a better club.

ST. LOUIS—The condition of Manager George Sisler is the big IF with the Browns. Sisler back in the game, playing the remarkable ball he is capable of when right, makes all the difference in the world to the Browns. Sisler at his best gives a ball club a real punch. Sisler out of it hurts the team's morale. The Browns for that reason are the IF club of the American League.

PHILADELPHIA—Connie Mack's club was the spring sensation in major league baseball in 1923. It wouldn't be surprising if Mack's club was an all-year sensation in 1924. Mack's hopes are largely built around three recruits, Strand, Simmons and Bishop, stars in the minors. If they deliver in the majors his club looks a certainty for the first division.

BOSTON—The most improved club in the American League. The addition of three veteran players of the worth of Steve O'Neill, Bill Wambusch and Bobby Veach is certain to make the Red Sox much more formidable. In addition, Lee Fohl, new manager, has some promising recruits. Improved spirit of the club, plus added confidence, sure to be big factors in team's improved showing.

RESUME OF CLUBS—New York again appears to be the outstanding team in the American League, with the rest of the field pretty well bunched. The positive statement of the retiring Mr. Mack that the Yankees should again win, with his club second, gives you some idea of what may happen in the American League this summer. The Athletics finished sixth by a nose last season. Seven improved clubs fighting a champion is the hope in the American, with the champ a year older.

NEW YORK GIANTS AGAIN LOOM AS CLASSIEST TEAM Death of Manager Pat Moran May Hurt Chances of Cincinnati as Pennant Contender IN NATIONAL LEAGUE AND SHOULD WIN PENNANT

By Billy Evans

NEW YORK—McGraw's club looks better than ever to me, despite the loss of so great a shortstop as Baneroff. In the youngster, Travis Jackson, the Giants appear to have a prospect able to step right in and fill the bill. Pitching, which worried McGraw a great deal last year, is certain to be better. It is reasonable to suppose that one and possibly two of his star recruits will come through. If such is the case it is going to be a tough job to beat the Giants.

CINCINNATI—The loss of their beloved leader, Pat Moran, at the spring training camp is not going to help the spirit of the Reds. The death of Pat Moran is a blow to Cincinnati's hopes. This is no reflection upon the ability of Jack Hendricks, his successor, who is a capable, brainy leader. It would be the same no matter who was selected to manage the club. "Win for Pat" is a slogan that Manager Hendricks hopes to imbue his players with.

PITTSBURG—A club with great possibilities, that seems to be considerably stronger than last season. Several of the young players on the club are certain to have profited by their experience of last year. In addition, Manager McKechnie seems to have picked up some very likely material among his recruits. A contender last season, the Pirates appear much better equipped to carry on this year.

CHICAGO—A club made up largely of young players, all of whom are certain to be more finished this year. The pitching also should be much improved. This important feature should make the Cubs far more troublesome than last year. Several unsettled spots in the makeup of the infield is the only outstanding fault. O'Farrell the club has one of the best relievers in the majors.

ST. LOUIS—An improved ball club over last year, but still several points shy as a pennant contender. Pitching is rather uncertain. Young players on the club should show to better advantage.

THREE OTHER CLUBS—Brooklyn, Boston and Philadelphia hardly stack up as pennant timber. No doubt the managers of these three clubs will be more than content if they land a notch or two higher than last season.

BROOKLYN—Wilbur Robinson at Brooklyn must do considerable rebuilding. Some of his veterans are

slipping and it is up to him to develop new timber. It may take him two or three years before he is again in a position to put over a pennant winner.

BIGGER BOSTON—Dave Baneroff at Boston, making his debut as a major league manager, has a lot of problems to work out. The Boston club finished seventh last season, so Baneroff will not have to finish very high to show improvement. The loss of his veteran star third-sacker, Tony Beckel, was a tough break.

PHILADELPHIA—Art Fletcher is making much progress at Philadelphia, but of course still has considerable distance to go before he predicts a pennant. Taking over a feeble aggregation, Fletcher, with a fighting spirit that has always characterized his play, put new life into the team. Despite a weakness in several departments of play the Phillies were always fighting last season. It will be an improved club.

RESUME OF TEAMS—New York, Cincinnati, Pittsburgh again appear to

THEY'RE OFF!

By HAL COCHRAN

You don't need a doctor; why shucks, you're not sick! Forget that upsetness you've got! Of course you're a little, with blood running quick, But sick? Say, it's all tommyrot! You're nervous; of course, and your work's gone amiss; Your mind jumps around, as at play. But, listen, old top, the real answer is this—TODAY IS THE OPENING DAY!

What ho, why the spirit, and why do you smile? And why are you bubbling with glee? Come on now, confess, 'cause that feeling's the style, And the same thing has come over me! So! You've got a ticket? Don't brag; so have I, No wonder we both should hurry! I'm ready to yell like a regular guy—TODAY IS THE OPENING DAY!

Dutch Leonard, Crack Southpaw, May Return To Detroit Club

By NEA Service. Fresno, Calif., April 15.—Does Dutch Leonard, famous southpaw of a few years back, intend to return to the American League? Leonard two years ago refused to report to the Detroit Tigers because of a salary difference. The club was as stubborn about the matter as Leonard, as a result, Detroit lost a great pitcher and Leonard considerable money.

The dope is that Leonard recently applied to Commissioner Landis for reinstatement and that he has been restored to good standing again.

Then there was Glenn Killinger, famous football and baseball star at Penn State. Coach Bezedek pronounced him a big leaguer.

The New York Yankees took him on. He proved a costly experiment, didn't tarry very long.

The chance of picking up another Collins, Frisch or Sisler, however, is a bait that makes the college field most alluring to the majors.

STATE OF NORTH DAKOTA, County of Burleigh, In District Court, Fourth Judicial District.

L. R. Baird, as Receiver of Merchants State Bank, Werner, North Dakota, a corporation, Plaintiff, vs. Malvin Torgerson, Defendant.

The State of North Dakota to the above named Defendant:

You are hereby summoned, and required to answer the complaint of the plaintiff in this action, a copy of which is hereto annexed and herewith served upon you, and to serve a copy of your answer upon the subscribers at their office in the city of Bismarck, Burleigh County, North Dakota, within thirty days after the service of this summons upon you, exclusive of the day of service and in case of your failure to so appear and answer judgment will be taken against you by default for the relief demanded in the complaint.

Dated February 20, 1924. ZUGER & TILLOTSON, Attorneys for Plaintiff, Webb Block, Bismarck, North Dakota. 3-25-4-18-15-22-29

To Have Examination A Civil Service examination will be conducted in Bismarck on May 17 for the positions of clerk and city carrier in the Bismarck postoffice. From the list of eligibles resulting from the examination certification

Detroit suffered from lack of pitching last season and finished second. Cobb is none too well satisfied with his 1923 staff, it seems. It is well known that Manager Cobb has been in communication with Leonard several times relative to his return to the game. So it would occasion no surprise in this section if such an announcement was made shortly.

Leonard is rated as one of the game's greatest southpaws. If he is just half as good a pitcher now, as he was when in his prime, he would greatly help Detroit.

CREAM CHECKS IN HANNAFORD SHOWN DOUBLE

Records for the first three months of 1924 at the First National Bank of Hannaford, N. D., one of the two banks located at that town, indicate that this institution will cash \$71,000 worth of cream checks this year—double the amount cashed in 1923.

This information is contained in a letter from H. H. Hagen of Hannaford to B. C. Marks, grand master workman of the A.O.U.W.

The amount of cream checks cashed in January almost doubled that of January 1923; that for February almost tripled the figures for a year ago while March, 1924 was almost double March 1923. The first three months in 1923 totalled \$5,071; the first three in 1924, \$10,288.

The bank's figures showing amounts of cream checks cashed during the last 15 months follow:

	1923	1924
January	\$1,681.21	\$3,146.48
February	1,318.87	2,970.99

Minstrel Show With Variations Is Shown Here

Harvey's Greater Minstrels, composed of colored people, presented the usual minstrel show with vaudeville variations in Bismarck at the Auditorium last night, playing to a fair-sized house of minstrel fans. The feature of the show was not the songs, jokes or dances, but the 10-piece orchestra of real negro harmonists. It was one of the best orchestras that has been heard on the Auditorium stage. Several popular tunes were among the solo numbers of the show, including "Runnin' Wild," "I Cried For You," "I'm Going Back to My Mammy," and "When You Gamble in the Game of Love." Rudolph Gray, bass singer and interloper, displayed a good bass voice and Irvin Richardson a lyric tenor of some quality. The feminine end of the show was ordinary, as were the jokes. The second half was varied with ventriloquism, excellent juggling by Pewee Williams and some good characterizations by Harry Fiddler. The applause was mild.

As Others See Us

IN its issue of March 5, the Gazette, of Hutchinson, Kansas, says: "THE BRIGHT SIDE"

The Standard Oil Company gets into print often but never on account of trouble with its employees. Arthur Brisbane says the company is the best managed business organization in the world.

The entire oil business has been singularly free from labor troubles which have beset many of the other major industries. Reasons for this can be found in the fact of the rapid growth of the industry, the payment of relatively high wages and the shifting of producing and refining centers.

The oil companies, however, have not been content to allow harmony to rest entirely with conditions. Efforts have been made, in the Standard and other companies, to obtain the greatest harmony possible among the workers. The Standard of Indiana was a pioneer in fostering a policy granting employees, through their elected representatives, a voice in settlement of all questions affecting their welfare, as to wages, hours of labor and working conditions.

How the plan is working is expressed by Colonel Robert W. Stewart, chairman of the board of directors, who says:

"The greatest thing needed in American industry today is a better understanding between employees and management. The day of intolerant and drastic methods by either the leaders of capital or labor is past. Each needs the other, and the policy of establishing good-will, peace and understanding have been established between the management and employees of our company."

"For five years we have worked together in mutual esteem and trust. For the board of directors, I say to you that while the problems presented by the situation in the oil industry today are stupendous, we face them with a greater confidence because we feel that we have back of us the whole-hearted support of every man and woman in the Standard Oil Company (Indiana)."

The oil business has its virtues as well as its foibles, if conducted properly."

The Standard Oil Company (Indiana) has been relatively free from labor troubles because justice, equity and fairness are fundamental to the organization.

Without loyalty, earnestness and complete harmony in its organization of 27,000 men and women, this Company would be unable to render to the thirty million people of the Middle West, the comprehensive service which they now enjoy and which is so essential to their commercial and domestic life.

YES, THE BOY GREW UP!

Well, well, how these boys do grow up. Look here at Wesley Barry

A couple years ago this freckled-faced kid of the movies was making

faces at all the girls around the Hollywood studios. But just see him

now, with a young lady on each side.

BASEBALL GETS UNDER WAY FOR 1924 SEASON

Babe Ruth's Activities Replace Politics and Teapot Dome For The Day

ALL ARE CONFIDENT

Yankees Picked to Win Americans by Johnson; Giants To Have Tough Time

Chicago, April 15. (By the A. P.)—Baseball drove politics and Teapot Dome into the background temporarily at least when "What did Babe Ruth do today?" became the most important question of the nation.

Thousands of Americans sat in wind swept baseball parks to watch their favorites in action or watch bulletin boards for the first results of battles for the pennant campaign.

This is the schedule for the opening conflicts:

American League St. Louis at Chicago; Cleveland at Detroit; Philadelphia at Washington; New York at Boston.

National League—Chicago at St. Louis; Pittsburgh at Cincinnati; Boston at Philadelphia; Brooklyn at New York.

The 1924 race, baseball leaders say, promises to be another record season from the standpoint of attendance and close finishes in both organizations. Ben Johnson, president of the American League, forecasts a close race, with the world's champion Yankees as the logical choice to capture the flag.

President Hedges of the National League declares the Giants will have a desperate time winning their fourth league pennant as the other contenders, even Philadelphia and Brooklyn, are much stronger than in 1923.

Reports from the major league cities early today revealed plans for the usual opening day ceremonies, handshakes, flag raising and speeches. President Coolidge is expected to inaugurate the season at Washington. Kenesaw Landis, baseball commissioner, will visit the Cardinals in action against the Cubs at St. Louis while President Johnson will attend the opener between the Yankees and Red Sox.

YANKEES ARE ONE BEST BET IN AMERICAN

Miller Huggins, New York Yankees manager, says that his team is still good enough to win its fourth consecutive pennant. My club is certain to get good pitching daily.

By Cobb, Detroit Tigers—Pitching is my chief worry in the coming race. If my staff comes through as it should the Tigers will better the Yankees more than last year. The Tigers will make trouble.

By Speaker, Cleveland Indians—I am not predicting any pennants, but of one thing I am certain. I have a stronger team this year than last. Burns will give my club an added punch.

Stanley Harris, Washington—I have my mind set on landing my club in the first division. A club able to stick around the first division always has a chance to finish at the top.

Frank Chance, Chicago White Sox—I am positive the White Sox will make a better showing than last season. I can see no reason why they should fail to finish well up in the first division.

George Sauer, St. Louis Browns—This managing job is all new to me. I prefer to let the showing of a club speak for itself. I hope to be able to play and help the Browns make a good showing.

Connie Mack, Philadelphia Athletics—I am shooting at second place. New York should again win. If my major league stars come through for me my ball club will be in the running from start to finish.

Lee Fohl, Boston Red Sox—I have only one prediction to make. The Red Sox will not finish in last place. I am inclined to think my club is going to be the dark horse of the American League race this year.

OUT OF THE GLOOM

Many a Gloomy Countenance in Bismarck Now Lightens With Happiness

A bad back makes you gloomy. Can't be happy with continual backache.

The aches and pains of a bad back. Are frequently due to weak kidneys.

Doan's Pills are recommended for weak kidneys.

So Bismarck citizens testify.

Ask your neighbor.

John Wray, 1015 9th St., N., Bismarck, says: "My kidneys were sluggish in action and I had a dull, steady pain in my back. I had to get up several times during the night to pass the kidney secretions. Doan's Pills were recommended to me and I got three boxes at Brown's Drug Store and after using them the trouble disappeared. I recommend Doan's Pills for such trouble knowing them to be a remedy of merit."

Price 70c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Wray had. Foster-Milburn Co., Buffalo, N. Y.

SIX MAJOR LEAGUE CLUBS WILL START SEASON UNDER NEW MANAGERIAL DIRECTIONS

LEFT TO RIGHT ABOVE: HENDRICKS, SIEBER, HARRIS, FOHL, BANCROFT, CHANCE.

It will be decidedly interesting to see what effect, if any, managing a club has on the three new leaders, who are player managers.

Siebert at first, Bancroft at short and Harris at second are among the leaders at their respective positions, outstanding stars. Will the worries of managing a club slow down their play?

SEVEN STRONG CONTENDERS SEEK TO DETHRONE CHAMPION YANKEES IN AMERICAN LEAGUE RACE

BY BILLY EVANS

NEW YORK—The Yankees are going to be hard to beat in the American League. Huggins has a great pitching staff. Perhaps some of the veterans are slipping a bit, but it is still the best corps of hurlers in the majors. Pitching wins pennants. Major American League clubs look over good pitching in every game they oppose the Yankees. Club appears no stronger than last year.

DETROIT—Ty Cobb has a dangerous club because it can hit. The power problem in second base and pitching. If Detroit gets consistently good pitching, the club is so strong in other departments of play that it is sure to be a contender all the way. The problem is pitching. Without it Tigers will suffer. Little change in team strength over last year. If Shortstop Rigney's injury keeps him out of the lineup, it will be another serious handicap.

CLEVELAND—The Indians have strengthened first base at the expense of second and catchers. Some of the promising young pitchers may miss the handling of the experienced O'Neill back of the plate. Wambly is a mighty good ball player. He passed to Boston with O'Neill for Burns. Burns will add a batting punch, help the offense. The loss of O'Neill and Wambly may weaken defense.

WASHINGTON—Mack the same ball club as last year with an aggressive, brainy manager, making his major league debut. Under Harris the Washington club is certain to go the limit to win in every game. This is the temperament of Harris that is certain to be taken up by the team. Third base and pitching are the two problems that must be solved. Same club with different spirit.

CHICAGO—A club that seemed to fail to make the most of its position last season. A new leader in the person of Frank Chance may cause a shake-up in the club that will enable the Sox to make trouble. There seemed to be something lacking last season that kept the apparent strength of the club in the background. White Sox should show improvement and be a better club.

ST. LOUIS—The condition of Manager George Sauer is the big IF with the Browns. Sauer back in the game, playing the remarkable ball he is capable of when right, makes all the difference in the world to the Browns. Sauer at his best gives a ball club a real punch. Sauer out of it hurt the team's morale. The Browns' fear that reason is the IF club of the American League.

PHILADELPHIA—Connie Mack's club was the spring sensation in major league baseball in 1923. It wouldn't be surprising if Mack's club was an all-year sensation in 1924. Mack's hopes are largely built around three recruits, Strand, Simmons and Bishop, star in the minors. If they deliver in the majors his club looks a certainty for the first division.

BOSTON—The most improved club in the American League. The addition of three veteran players of the worth of Steve O'Neill, Bill Wambly and Bobby Veach is certain to make the Red Sox much more formidable. In addition, Lee Fohl, new manager, has some promising recruits. Improved spirit of the club, plus added confidence, sure to be big factors in team's improved showing.

RESUME OF CLUBS—New York again appears to be the outstanding team in the American League, with the rest of the field pretty well bunched. The positive statement of the retiring Mr. Mack that the Yankees should again win, with his club second, gave you some idea of what may happen in the American League this summer. The Athletics finished sixth by a nose last season. Seven improved clubs fighting a champion is the dope in the American, with the camp a year older.

NEW YORK GIANTS AGAIN LOOM AS CLASSIEST TEAM

Death of Manager Pat Moran May Hurt Chances of Cincinnati as Pennant Contender IN NATIONAL LEAGUE AND SHOULD WIN PENNANT

By Billy Evans

NEW YORK—McGraw's club looks better than ever to me, despite the loss of some of its best players. It is going to be a great short-stop as Bancroft. In the long run, the loss of some of its best players is not going to hurt it. It is going to be a great short-stop as Bancroft. In the long run, the loss of some of its best players is not going to hurt it.

BOSTON—Dave Bancroft at short stop, has a lot of problems to work out. The Boston club finished seventh last season. Bancroft will not have to finish very high to show improvement. The loss of his veteran star third baseman, Tony Lockett, was a tough blow.

PHILADELPHIA—Art Fletcher is making much progress at Philadelphia, but of course still has considerable distance to go before he produces a pennant. Taking over a feeble aggregation, Fletcher, with a fighting spirit that has always characterized his play, put new life into the team. Despite a weakness in several departments of play the Phillies were always fighting last season. It will be an improved club.

RESUME OF TEAMS—New York, Cincinnati, Pittsburgh again appear to be the top three clubs in the American League.

THEY'RE OFF!

BY HAL COCHRAN

You don't need a doctor, why shocks, you're not sick! Forget that upsetness you've got! Of course you're single, with blood running quick, But back? Say, it's all tomorrow! You're nervous of course, and your work's gone amok, Your mind jumps around, as it plays, But, listen, old top, the real answer is this— TODAY IS THE OPENING DAY!

What ho, why the specs, and why do you smile? And why are you bubbling with glee? Come on now, confess, 'cause that feeling's the style, And the same thing has come over me! So! You've got a tick? Don't brag, so have I, No wonder we both don't batter! I'm ready to yell like a regular guy— TODAY IS THE OPENING DAY!

Dutch Leonard, Crack Southpaw, May Return To Detroit Club

By NEA Service

Fresno, Calif., April 15.—Does Dutch Leonard, famous southpaw of a few years back, intend to return to the American League?

Leonard two years ago refused to report to the Detroit Tigers because of a salary difference. The club was so stubborn about the matter as Leonard, as a result, Detroit lost a great pitcher and Leonard considerable money.

The dope is that Leonard recently applied to Commissioner Landis for reinstatement and that he has been restored to good standing again.

Then there was Glenn Killinger, famous football and baseball star at Penn State. Coach Beszek pronounced him a big leaguer.

The New York Yankees took him on. He proved a costly experiment, didn't tarry very long.

The chance of picking up another Collins, Frisch or Sisler, however, is a bait that makes the college field most alluring to the majors.

CREAM CHECKS IN HANNAFORD SHOWN DOUBLE

Records for the first three months of 1924 at the First National bank of Hannaford, N. D., one of the two banks located at that town, indicate that this institution will cash \$71,000 worth of cream checks this year—double the amount cashed in 1923.

This information is contained in a letter from H. H. Hagen of Hannaford to B. C. Marks, grand master workman of the A.O.U.W.

The amount of cream checks cashed in January almost doubled that of January 1923; for February almost tripled the figures for a year ago while March, 1924 was almost double March 1923. The first three months in 1923 totaled \$6,071; the first three in 1924, \$10,288.

The bank's figures showing amounts of cream checks cashed during the last 15 months follow:

Minstrel Show With Variations Is Shown Here

Harvey's Greater Minstrels, composed of colored people, presented the usual minstrel show with vaudeville variations in Bismarck at the Auditorium last night, playing to a fair-sized house of minstrel, fans. The feature of the show was not the songs, jokes or dances, but the 10-piece orchestra of real negro harmonists. It was one of the best orchestras that has been heard on the Auditorium stage. Several popular tunes were among the solo numbers of the show, including "Runnin' Wild," "I Cried For You," "I'm Going Back to My Man," and "When You Came in the Game of Love." Rudolph Gray, bass singer and interactor, displayed a good bass voice and Irvin Richardson a lyric tenor of some quality. The feminine end of the show was ordinary, as were the jokes. The second half was varied with ventriloquism, excellent juggling by Pewee Williams and some good characterizations by Harry Fiddler. The applause was mild.

As Others See Us

IN its issue of March 5, the Gazette, of Hutchinson, Kansas, says:

"THE BRIGHT SIDE

The Standard Oil Company gets into print often but never on account of trouble with its employees. Arthur Brisbane says the company is the best managed business organization in the world.

The entire oil business has been singularly free from labor troubles which have beset many of the other major industries. Reasons for this can be found in the fact of the rapid growth of the industry, the payment of relatively high wages and the shifting of producing and refining centers.

The oil companies, however, have not been content to allow harmony to rest entirely with conditions. Efforts have been made, in the Standard and other companies, to obtain the greatest harmony possible among the workers. The Standard of Indiana was a pioneer in fostering a policy granting employees, through their elected representatives, a voice in settlement of all questions affecting their welfare, as to wages, hours of labor and working conditions.

How the plan is working is expressed by Colonel Robert W. Stewart, chairman of the board of directors, who says:

"The greatest thing needed in American industry today is a better understanding between employees and management. The day of intolerant and drastic methods by either the leaders of capital or labor is past. Each needs the other, and the policy of establishing good-will, peace and understanding have been established between the management and employees of our company.

"For five years we have worked together in mutual esteem and trust. For the board of directors, I say to you that while the problems presented by the situation in the oil industry today are stupendous, we face them with a greater confidence because we feel that we have back of us the whole-hearted support of every man and woman in the Standard Oil Company (Indiana)."

The oil business has its virtues as well as its foibles, if conducted properly."

The Standard Oil Company (Indiana) has been relatively free from labor troubles because justice, equity and fairness are fundamental to the organization.

Without loyalty, earnestness and complete harmony in its organization of 27,000 men and women, this Company would be unable to render to the thirty million people of the Middle West, the comprehensive service which they now enjoy and which is so essential to their commercial and domestic life.

PACKERS FIGHT GOVERNMENT'S CASE IN COURT

Swift and Armour Would Set Aside Famous "Consent Decree" of 1920

INTERVENE IN CASE

Washington, April 15.—(By the A. P.) The Swift and Armour interests of Chicago went into Chicago today to set aside the famous "consent decree" by which in 1920 the Big Five packers agreed to direct themselves of various commercial activities not directly connected with the packing industry.

Intervening in a case pending in the District of Columbia court of appeals the Swift and Armour group filed a bill contending that the consent decree was legally invalid and that the federal government had violated its part of the agreement by a recent statement made to the court regarding the basis on which the decree originally was entered into.

The specific complaint in the brief was that in a statement submitted last month to the court of appeals the Department of Justice declared that the consent decree "carried the implication that the packers had been conducting business in violation of the anti-trust laws."

On the contrary the two packer groups declared in their brief the facts are that the decree itself stated that its terms "shall not constitute or be considered as an admission that the defendants or any of them have in fact violated any law of the United States."

DENY INTENTION

Chicago, April 15.—Swift and Armour today asserted their intention to "clear themselves of any implication" of anti-trust law violations but disclaimed an intention to proceed toward setting aside the "consent decree" in 1920.

MAY SELECT LARGER PLACE

Democrats May Desert Madison Square Garden

New York, April 15.—The Democratic national convention next June may be held in the Bronx instead of Madison Square Garden, it was learned today from authoritative sources. The subcommittee of the national committee which is arranging details of the convention has considered a possible change because of the unprecedented demand for seats. The garden can seat only 12,231 persons whereas the Bronx armory can seat between 22,000 and 25,000 people.

U. S. MAKES JUAREZ 9-O'CLOCK TOWN

Cabaret Girls Idle and Bars Empty in "Wickedest City"

HERE'S THE HOG-WIRE GATE ON THE INTERNATIONAL BRIDGE CONNECTING EL PASO, TEX., AND JUAREZ, MEX., WHICH MADE "THE WICKEDEST CITY" A 9-O'CLOCK TOWN.

THE CALLE DEL DIABLO—STREET OF THE DEVIL—ALONG WHICH MANY OF JUAREZ'S RESORTS ARE LOCATED.

INTERIOR OF TYPICAL JUAREZ RESORT.

By NEA Service

El Paso, Tex., April 15.—Prohibition laws and the American constitution have no authority across the Rio Grande.

But United States customs men have made a 9-o'clock town out of the "wickedest city" on the other side of that border river.

They did it with a hog-wire gate. The gate is at the center of the rickety old wooden International bridge that spans the Rio Grande. Every night at 9 the customs men swing shut the gate. Americans in Juarez, the wickedest city, cannot come home. And Americans in El Paso, thrifty and sensible, cannot adventure, cannot cross the line.

Quiet by 11. The hogwire gate has had a deadening effect on the gambling halls, the cabarets and dance halls. The Calle del Diablo—the "Street of the Devil"—is as quiet as Main street, Gopher Prairie, by 11.

Here and there are a couple of Mexican cabaret employees, home-ward bound, or a little group of Americans who ignored the curfew bell that rings before the hog-wire gate is swung shut.

Business is poor at the Hotel Rio Bravo. There are plenty of rooms there now. A month ago a room was difficult to get.

Tivoli Empty. The Tivoli gambling house, biggest of all, tried to ignore the gate on the bridge, tried to continue business as usual. Now at 10 p. m. the two roulette tables—each 20 feet long, each with four playing boards—are empty, although two weeks ago one could hardly get near enough to drop a coin on them.

The man at the craps table whistles. "Three O'clock in the Morning," and the two-score employees and the six customers applaud. A few weeks ago the hundreds in the place ignored a gun fight at the front door—so engrossed were they with their games.

Beer Cheaper. In Pike's California Bar at 10 o'clock the girls and the bartenders are sitting on the bar. They are percentage girls and when a stranger happens in, five rush to him.

"Buy me a drink, dearie," they plead. "I'm a stranger in town," the stranger replies. "I have only enough money for a room and to get back to El Paso. And I must buy a dollar for a bottle of beer when I buy it from one of you girls."

"Oh, no! Not now. It will cost only 25 cents for a little drink." Uncle Sam's hog-wire fence has even cut the cost of beer 300 per cent in Juarez after 9 a. m.

The Central and Big Kid Cabarets are closing their doors at 8:45. And by 10:15 the Central, Annex Toltel Club, Gem, Jimmie O'Brien's, Stag, Mint and Rio Bravo bar-rooms are in darkness.

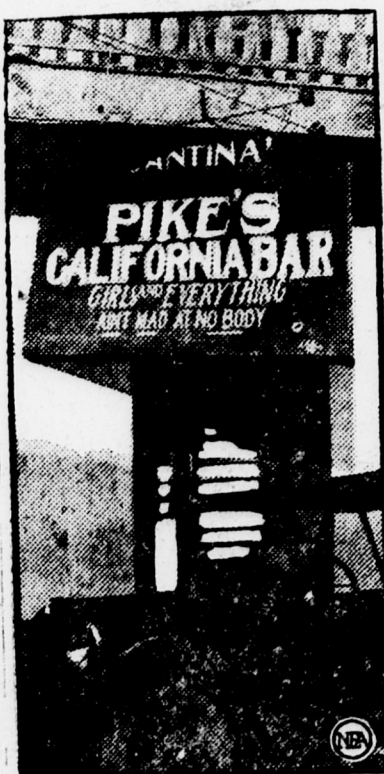

BANKER SAID \$600,000 SHORT IN KANSAS CITY

Kansas City, April 15.—L. K. Roberts, chief national bank examiner in the tenth federal reserve district, announced that he would file charges against John M. Moore, 64, former president of the Fidelity National Bank and Trust company, as soon as the check of the bank's account is completed. Mr. Moore yesterday was dropped by the board of directors after the discovery that he was short \$600,000.

Mr. Moore is reported seriously ill.

at his home and has issued no statement.

Financial interests of the city were shocked at disclosure of the shortage but prompt action by the board of directors in announcing the loss already has been made good and that the bank is "absolutely sound," apparently restored confidence. Officials announced that depositors' withdrawals yesterday had been inconsequential.

BISMARCK TAX RECEIPTS UP

Per Cent of Total Due to Date Remains Unpaid

Citizens of Bismarck generally are paying their taxes in fairly good shape, according to county officials. Records show 11.46 percent of taxes due remaining unpaid at this time.

The total valuation of the city of Bismarck for taxation is: real estate \$4,022,126; personal property \$2,777,330; total \$6,799,456. Real estate constitutes 63.84 percent of the total valuation and personal property 36.17 percent.

The total levy for the county was \$21,606.00. Tax receipts from city of Bismarck taxpayers follow: December \$1,198.00; January, \$11,547.00; February \$83,839.00; March \$102,240.00, total \$199,104.00. The percentage of the total taxes of the city collected is 56.62 percent, and the total percentage due was 68.66 so that 11.46 percent of the taxes due remain unpaid.
